THE Chattanooga Times speaks right out. It says if the Mississippf authorities can not protect life against the assaults of the murderers, Federal bayonets must do it.

THE Philadelphia Times (Demoerat) says the most effective Republican campaign document yet issued is the dispatches announcing the murder of H. M. Dixon by the bulldoser

THE bulldozers of Yazoo county, Mississippi, held a meeting on the 15th of August, for the purpose of protesting that they had not forced H. M Dixon to withdraw from the race for Sheriff because he was a Democrat but because he was running "on the race issue and colored prejudice alone." In other words, in a county where a large proportion, if not a majority of the population, was colored, he was Ryanchadt, O. B. Wikie and A. C. trying to get "nigger" votes. If he could succeed in that he was as good as elected. And this was his offense. The difference between the statement of the case by the Yazoo Democrate and the statement popularly accepted as true, is the difference betwixt tweedle-de and tweedle-dum. In other words it is a distinction without a difference Relieved of all unnecessary verbiage, the hideous, naked truth is, Dixon was brutally murdered because he dared to county against the regular Democratic candidate, with a fair prospect of receiving enough colored and white votes to elect him. The statement of the buildozers, which is published by Democratic papers for the purpose of contradicting the facts of the murder, contradicts nothing, and only shows that they rely upon the ignorance of the masses to get them out of a bad

SAN FRANCISCO, Aug. 24 .- Dennis Kearney, upon his arrival from Vallejo, last night, addressed a crowd of twenty thousand people in the Sand lots. The vindictive feeling which prevailed during the day had apparently in no wise dimin-ished, and at a word from Kearney the whole body would have poured down town without hesitation to wreak yengeance on the DeYoungs. Kearney realized the situation fully and addressed himself to the task of quieting the passions of his followers, he reminded them that in ten days the election would put the whole machinery of the city government in their hands, and that the proprietors of the Chronicle would unfailingly get their deserts; that at present any attempt at violence would be met MEMPHIS, TENN., Aug. 25 .- Ten for their reputation throughout the burried, but no one was seriously hibited to better advantage.
